

QUICK FACTS ABOUT ENVIROTAINER

Updated October 2017

THE MARKET LEADER

More than
5000

containers in our fleet and
growing every day.

UP TO 2 MILLION
doses of medicine each day.

≈ **100,000 PALLETS**
of pharmaceuticals each year.

250 EMPLOYEES

They make up the backbone of our network. This includes 45 in dedicated R&D roles. We are supported by a partner network that includes an additional 300 people who work with our containers every day.

400 GLOBAL CUSTOMERS

We provide pharma-protective solutions for pharmaceutical and biotech companies who transport time and temperature sensitive goods by air.

OVER 13,500 PEOPLE TRAINED

Through our Envirotainer Academy and Qualified Envirotainer Provider Training and Quality Program (QEP), over 13,500 cold chain stakeholders at 270 companies have been trained in the last 3 years.

WORKING WITH THE BEST

Our partners include some of the largest airlines and logistics companies in the world.

These include: Air Canada Cargo, Air France/KLM Cargo, American Airlines Cargo, Cathay Pacific Cargo, DHL Global Forwarding, Emirates SkyCargo, Expeditors, FedEx, IAG Cargo, Kuehne & Nagel, Lufthansa Cargo, Panalpina, Schenker, Swiss WorldCargo, United Cargo, UPS and World Courier – to name just a few.

200 AIRPORTS 100 COUNTRIES

We have an open platform for airlines and forwarders. Our global network is managed via our headquarters in Stockholm and New York with regional operations centers in Frankfurt, Dallas & Singapore in excess of 50 service stations worldwide.

THE ACTIVE COLD CHAIN

This is a lot more than just our tagline. It describes our approach. It extends beyond technology and means helping every person in the cold chain to have an active mindset and understand the importance of what they do. Because we believe that when people understand the importance of what they do, they do a better job.
